

# 2024 GENESIS GV60

## COMPETITIVE COMPARISON

MY23 Shown.

The Genesis GV60 is in a class of its own as the ultimate luxury electric SUV. With a sleek and modern design, it's environmentally friendly and offers advanced electric powertrains. GV60's roomy and refined interior is equipped with top-of-the-line features, including a high-resolution infotainment display, a premium audio system, and advanced driver-assistance technologies. And with fast-charging technologies, drivers can rely on GV60 to always be ready for the next adventure.

- » Extensive list of standard tech, comfort and driver-assistance features
- » Athletic driving demeanor
- » Three years of complimentary charging sessions

THE 2024 GENESIS GV60 CAN DELIVER UP  
TO 60 MILES OF RANGE PER 5 MINUTES OF  
CHARGING – FASTER THAN THE AUDI Q4,  
MERCEDES-BENZ EQB AND TESLA MODEL Y.\*

## WHAT'S TO LOVE ABOUT THE GV60?

2023 Editor's Choice Award\*\*

### CAR AND DRIVER

“The GV60’s road manners are quite refined and its handling is reminiscent of the Porsche Macan. When cruising, the cabin remains whisper quiet but encounter a stretch of winding road and the [GV60](#) offers enough athleticism to entertain the driver and enough sure-footedness to inspire confidence.”

---

2023 Best Electric SUV\*\*

### WHAT CAR? AWARDS 2023

“Standout strengths include the beautifully finished interior, user-friendly infotainment system and supple yet well-controlled ride. Meanwhile, the [GV60](#)’s hushed cruising manners, long range and rapid charging capability add further to its appeal.”

---

Best New SUV of 2023\*\*

### THE CAR GUIDE BEST BUYS

“The Genesis [GV60](#) has caught the attention of our team because of its fully electric platform as well as an impressive technological integration.”

# 2024 GENESIS GV60 COMPETITIVE COMPARISON

✓ = GV60 competitive advantage

\*When charging at a DC Fast Charging station from 10% to 80%, compared to the 2023 Audi Q4 50 e-Tron, 2023 Mercedes-Benz EQB 300 4Matic and 2023 Tesla Model Y Long Range.

\*\*2023 Genesis GV60 Review, Pricing, and Specs ([caranddriver.com](http://caranddriver.com))

\*\*\*GENESIS GV60 WINS BEST ELECTRIC SUV AT WHAT CAR? AWARDS 2023.

\*\*\*Genesis GV60 named The Car Guide's SUV of the Year

<sup>1</sup>Competitive information based on 2023 Model Year information available at the time of publication.

<sup>2</sup>Available on new Model Year Genesis GV60 vehicles purchased from an authorized U.S.-based (excluding Alaska) Genesis retailer. Three years of 30-minute complimentary DC fast charging sessions begin upon vehicle purchase. Complimentary charging time does not include any idle fees and their associated or applicable taxes assessed at the charging station. You will be responsible for paying such fees through your account if you incur them during a charge session. There is a 60-minute waiting period between eligible charging sessions, and the promotion benefits will not apply to a charging session initiated within this period. Requires Electrify America app, account, enrollment in GV60 Charging Plan, and acceptance of Terms of Use. After user-initiated charge session stops or vehicle reaches full charge or charging otherwise stops, and 10-minute grace period, idle fees and applicable taxes will apply, and user is responsible. Charging rate and time estimate varies based on a number of factors, including current battery charge level, output of the charging unit, vehicle and battery settings and outside temperature. Competitive information based on 2023 Model Year information available at the time of publication.

<sup>3</sup>Offer for complimentary Genesis Connected Services without subscription (GCS) is available to purchasers and lessees of new 2023 and newer model year GCS-equipped Genesis models. Not available on all models and trims. GCS requires an active GCS account subject to GCS Terms and Conditions. Only use GCS features and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. GCS relies on digital wireless telecommunications technology outside of Genesis' control. GCS is dependent on 4G LTE cellular networks controlled and maintained by third-party wireless carriers. If and when these networks change and/or discontinue service, or the underlying technology required to support GCS becomes obsolete, then the connected services will not work and Genesis will be forced to cancel impacted services.

<sup>4</sup>Advanced Driver-Assistance Systems.

<sup>5</sup>All SiriusXM services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. after the trial period has elapsed. The subscription plan you choose will automatically renew, and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at [siriusxm.com](http://siriusxm.com). All fees and programming subject to change. Satellite and outside-the-car lineups vary slightly. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc.
